CERTIFICATIONS

- SAP Certified – **Back-End Developer – ABAP** May 2026
ABAP Cloud, RAP, CDS Views, OData, Clean Core
- SAP Certified Associate – **Business Process Integration with SAP S/4HANA** May 2026
End-to-End Business Processes • SAP S/4HANA Integration Business Process Management
- SAP Certified – **SAP Fiori Application** June 2026
SAPUI5, Fiori Elements, OData Services

TRAINING & INTERNSHIP

SAP Technical Training | Offline

May 2026 – Jun 2026

- Completed hands-on training in ABAP Cloud, RAP, CDS Views, SAP Fiori, S/4HANA, IBP and SAP Generative AI.

Full Stack Development Intern | Internz valley | Remote

Jan 2026 – Mar 2026

- Developed a Task Tracker web application using MERN stack with features for task creation, management, and status tracking.

PROJECTS

Event Management System (Angular, Spring Boot, SQL)

- Developed a full-stack event booking system with authentication and QR verification.

Simple Task Tracker (MongoDB, Express.js, React.js, Node.js – MERN Stack)

- Built a MERN-based task management application with CRUD operations.

Weather App (HTML, CSS, JavaScript, Weather API)

- Developed a weather app using a Weather API for real-time forecasts.

Travel Booking System | SAP ABAP Cloud, RAP, CDS Views, OData Services

- Developed a SAP-based travel booking application using RAP and CDS Views for managing travel records and booking operations.

Employee Leave Management System | SAP ABAP Cloud, RAP, CDS Views

- Developed a CRUD-based SAP application to manage employee leave requests, status, and approval records.

LEADERSHIP & ACTIVITIES

- Collaborated with cross-functional teams to successfully complete academic and technical projects.
- Participated in coding workshops, technical seminars, and Webinars to enhance technical skills.
- Demonstrated effective teamwork and problem-solving while working on collaborative projects.
